Dear Mr Harold Weisberg.

When I last heard from you, (actually Mrs. Weisberg), you were over-burdened with work. So I do hope you will forgive me if I add to your onus.

First, and foremost, I would like to know if you have written, or published, any more accounts since "Never Again"? If so, how may I obtain a copy, (copies)? I've most of your publication.

Also, have you any information relating to the Russian files on Lee Harvey Oswald, which were handed to President Clinton by President Yeltsin, at a G8 summit in Cologne, earlier this year?

In March 1979, Drs. Hume, Petty, Boswell and others were interviewed by the House Select Committee on Assassinations, (the second session). The transcript of that session was published, (I believe), by the U.S. Government Printing, ~~1979~~. Office, 1979. The critical parts were, (I believe), on pages 243-255. How, if it is possible, can I obtain a copy of that transcript?

It does seem, that, recently, there has been an effort by the media, to establish the myth, that L.H. Oswald was the "Lone Assassin", (or reinforce perhaps).

Do you think that the truth will ever be told?

How do you think the FBI would respond to any enquiry concerning the JFK, (&RFK), assassination?

I would be grateful if you could help, but I would understand if you are unable. I am yours most respectfully ~~Mr~~ Mr. D.F. Read.

P.S. Are you on the Internet? If so, what is your address?

Is the Warren Commission 26 Hearings and Exhibits on the Net? Address? If possible.
